History

Since its inception in November, 1972, the Deer Lakes Braves Football Organization has worked hard to raise the needed funds for this, our first season. We are thankful to the Deer Lakes community for its financial support to make this venture of Midget Football a reality. The "Braves" midget team consists of boys ranging in age from 11 to 13 years. The "Bucks" mite team consists of boys ranging in age from 8 to 10 years.

It is our contention that the assets of our program are invaluable to our area's boys during their important years of growth. We wish to provide the opportunity for them to learn the attributes of sportsmanship and team effort as well as a self-awareness of their potential for good citizenship and conduct. We believe that our program is a contribution to our community's efforts in combating juvenile delinquency and promoting healthy, moral standards for our youth.
