## OUR PURPOSE

To provide opportunities to practice wholesome competition. Competition is part of the American lifestyle. But undue importance should not be attached to the outcome of this competition of young children. Skill development and the opportunity to participate should be stressed. Parents and coaches should encourage the child to judge his/her performance according to ability, rather than the outcome of the contest. As children mature, the outcomes of contests can become more important.

**GOOD LUCK**  
 to the  
**1982 CHIEF GRADUATES**

## DEER LAKES YOUTH FOOTBALL ORGANIZATION

## Worth Remembering

"The more we make sports a life-and-death matter and the more we concentrate on a youngster's needing to win or to succeed in order to feel worthwhile, the more we will undermine the contribution that sports can make. Let's eliminate the grandiosity of sports and see it for what it should offer to 99 percent of those who participate: healthy recreation, where a child can have fun while developing physical skills and emotional maturity in a positive interaction with other children.

"Let's teach young athletes the fundamentals, talk to them about their batting averages and field goal percentages and take pride in their triumphs. But let's not neglect or abuse their motivations and emotions. Let's not forget that when they pull on a uniform, they are still children, not miniature adults."

Joseph Lavrich,

## 1982 Deer Lakes Football Camp
