# ARE YOU A VICTIM OF FRAUD?

## DO YOU OR SOMEONE YOU KNOW OWN LIFE INSURANCE?

If you own life insurance, you may a victim of insurance fraud and not even know it. If you have experienced any of the following types of life insurance fraud, you may be a victim and we would like to speak with you.

***Churning*** A policyholder is convinced by an insurance agent to convert or replace an existing policy for a new policy under the assumption that it would be beneficial to, and in the best interest of, the policyholder. Oftentimes, the policyholder *loses* money; however, the agent still receives the commission.

***Vanishing Premium*** An insurance agent says that a policy will be “paid up” by a certain year; however, it is later found that this is not true. Premiums must continued in order for the policy to stay active.

***Investment Policy*** A policy is sold as an investment to be used in the future, such as a college fund or retirement plan. Really, it’s just insurance and, by law, cannot be called an investment.

Call the Insurance & Investment Fraud Hotline toll free at 1-800-589-1088 if you have experienced any of the above-described circumstances. The Insurance & Investment Fraud Hotline is currently conducting research regarding this type of fraud in the life insurance industry and may be able to help you. Do not automatically assume that you are not a victim, call the Insurance Fraud Hotline at 1-800-589-1088. **You may have a refund coming.** You may also visit our web site at [www.fraudline.com](http://www.fraudline.com).
